

# Syma32 Integrated Partial

**Syma32 Integrated Partial Profile** handle breaks with the Gola aesthetic not depending on a complete continuous line anymore. It allows to achieve a greater variety of projects by combining left and right hand partially integrated handles.

El **tirador de perfil Syma32 Integrado Parcial** consigue romper con la estética de los golas no dependiendo de una línea continua o listelo. Esto permite conseguir proyectos variados mediante la combinación de tiradores integrados parcialmente de mano izquierda y derecha.
