Syma32 Integrated Partial

Syma32 Integrated Partial Profile handle breaks with the Gola aesthetic not depending on a complete continuous line anymore. It allows to achieve a greater variety of projects by combining left and right hand partially integrated handles.

El tirador de perfil Syma32 Integrado Parcial consigue romper con la estética de los golas no dependiendo de una línea continua o listelo. Esto permite conseguir proyectos variados mediante la combinación de tiradores integrados parcialmente de mano izquierda y derecha.

SymaG-32 Profile Handle enables to achieve Gola modern kitchen projects maximizing the access to the cabinet. Its “G” shape design facilitates opening of doors and drawers by pulling the handle from inside.

El tirador de perfil **SymaG-32** permite conseguir ambientes de cocina modernos Gola, optimizando al máximo el acceso al interior del mueble. Su diseño en forma de “G” facilita la apertura de puertas y cajones a través de un agarre interior.
